Caribou live in arctic and mountain tundra, and northern forests of North America, Russia and Scandinavia. Alaskan Caribou are distributed among 31 herds. Each herd has a separate calving area, but the different herds may mix together during the winter.

The average size of an adult bull is between 350 – 400 pounds while the average size for the female adults is between 175 – 225 pounds. The largest of the bulls will shed their antlers in late October while small bulls and non-pregnant cows will not shed theirs until late April. The pregnant cows will usually retain their antlers until the calves are born in either late May or early June.

Distinguished Citizen's Banquet

The 42nd Annual Distinguished Citizens banquet held on December 10th filled the Westmarks Gold Room and honored Gary and Sue Wilken. Two worthy people honored for their generosity, commitment, support and service to local Alaskan communities.

People from across the state came to honor them and raise money to support the Midnight Sun Council's mission: Our mission is to prepare young people to make ethical and moral choices over their lifetimes by instilling in them the values of the Scout Oath and Law. Cathie Harms

The caribou is also the totem of the Midnight Sun Council's Order of the Arrow Lodge (Toontuk -meaning barren ground caribou, from the Native Athabascan Language of Interior Alaska).

Our newest Caribou CSP is now available for sale in the Scout Shop. The cost is \$7.50.

Please visit or call the Council Office at 907-452-1976 to purchase.

Yes, we can ship them.

Scout Sunday, Scout Sabbath and Scout Jumuah

Each year on **Feb. 8**, Scouting America celebrates its birthday. It's a date officially known as Scouting Anniversary Day, and it's the primary date to recognize the contributions of young people and adults to Scouting.

It's also around this time when packs, troops, crews and ships can annually honor a Scout's "Duty to God," as Scouting America designates the Sunday that falls before February 8 as Scout Sunday. For 2026, the Scout Sunday is February 8th. Scout Sabbath and Scout Jumuah fall on the Friday before Scout Sunday. **That would be February 6th in 2026.**

Through a trio of faith-based celebrations known as Scout Sunday, Scout Sabbath and Scout Jumuah, young people in Scouting can give back to their religious communities. The exact dates may vary, but each one is an opportunity for Scouts to publicly demonstrate the 12th point of the Scout Law: A Scout is Reverent. It can be particularly meaningful when the Scout unit itself is chartered by a religious organization, and the Scouts and leaders of the unit use the occasion to recognize that support.

What does that look like? It might mean an act as simple as wearing the full field

Tordoff eloquently spoke about the program built around the positive effect that getting youth outdoors does for them. Explaining that the outdoor setting is our primary classroom.

Thank you so much to Gary & Sue, through your efforts, your family's efforts and time as well as our resounding community support. The Midnight Sun Council surpassed our event goal to raise \$90,000.

Special thank you to these Sponsors that helped make everything possible!

2026 Eagle Scout and Volunteer Recognition Annual Dinner

The Midnight Sun Council as a proud tradition of bringing the best possible Scouting experience to the youth of our community.

In 2025, we served young people in the interior of Alaska with programs that build character, personal fitness, and citizenship. Each year the Midnight Sun Council recognizes the unselfish, grass-roots service of its volunteers at an annual dinner in their honor. In 2025, **9 scouts** to date have earned the coveted Eagle Scout rank, producing **1378 service hours** while demonstrating leadership skills.

The District Award of Merit award recognizes the selfless devotion to the Scouting program that our volunteers display. This is the highest award a District can bestow on a volunteer. While

uniform to worship services. It might mean participating in services by doing a reading, singing a song, or presenting religious emblems and awards to Scouts and Scouters. Or it might be something as grand as a service project to benefit a religious organization in the community.

REMINDER!

If your unit wants Scout Sunday patches, please notify Linda at the Scout Shop so that she can order them. We will not be stocking them!

BUNK BEDS

Thanks to the University of Alaska Fairbanks, Lost Lake has received a number of new bunk beds for our cabins, including mattresses.

Thank you for your help in making this happen! Our campers will enjoy these new bunks.

Scouting America Leadership:

The family troop model becomes available as a third option to all chartering organizations on December 15, 2025. The Scouts BSA Committee has prepared an ***Intent to Convert form*** for all troops intending to convert to the family troop model, along with a ***Family Troop Registrar Guide*** to assist your council registrar with processing family troops. Please share both documents with your appropriate council/district staff and volunteers. The ***Intent to Convert*** form should also be shared with all interested troops. Once complete, troops should submit this form to their council registrar to assist in processing the change. This form is for local use only and should not be submitted to the National office.

Midnight Sun Council Alumni Committee

The Midnight Sun Council (MSC) has established an executive board level Alumni Committee that directs Alumni actions within the council.

Affiliate groups fall under the umbrella of the Alumni Committee.

Current MSC affiliates include: National Eagle Scout Association Chapter, Order of the Arrow Alliance, Lost Lake Camp Alumni and MSC Alumni Group.

Since we are a small council, the alumni committee is currently coordinating and organizing all affiliate activities.

The MSC National Eagle Scout Association Chapter presented the first Eagle Scout Project of the Year at the December Distinguished Citizen banquet. Nes Van Dyke from Troop 20 was the 2025 winner. An original oil painting depicting an Eagle and \$250 dollar scholarship was presented.

Midnight Sun Scouting Alumni has established a Facebook Page

As a reminder, you should also be sharing the **Family Troop Decision Guide** and **Family Troop Best Practices Guide** with your council/district staff and volunteers and all interested troops in your council. All troops that wish to discontinue the family troop model should be provided with the **Converting from a Family Troop Guide**.

Scouting has thrived for more than a century because families from every background trust that our movement is about youth—never politics. Our Rules and Regulations are clear: 'The Boy Scouts of America must not... involve Scouting in political matters.' That applies to national, councils, units, volunteers, and youth—at meetings, activities, online, and in the wider community.

To preserve that trust—especially in today's highly charged political environment—we are asking every council and unit to recommit to the following:

- No political activity in uniform or under the Scouting brand. Do not attend or participate in rallies, marches, fundraisers, or public events that carry political messages while in uniform or using the Scouting name, marks, or channels.
- Uniform integrity. Keep the official uniform exactly as specified; no additions or alterations that signal political viewpoints or causes.
- Brand stewardship. Councils and units must use approved marks only and must not combine Scouting branding with political imagery or themes.
- A Scout is Courteous. We welcome every family committed to the Scout Oath and Law. We prohibit bullying, harassment, and unlawful discrimination—online and in person—and we expect leaders to ensure a respectful environment for all youth.

Personal civic engagement is important and your right—but do it as a private individual, off-duty, out of uniform, and without Scouting marks. When we keep Scouting apolitical, we protect our mission and the trust that families place in us. Thank you for your leadership.

Yours in Scouting

Team Balto is within striking distance of Team Granite, who is still hanging out in Kaltag. Only \$156 separates them. They still have a ways to go, and winter is settling in with temperatures this past week approaching -40, followed by a snow storm that kept all but the hardiest inside.

Team Fox made its way around the Sound to the Iditarod checkpoint of Golovin. They found traces that showed Team Togo had passed through. A smile passed across their face knowing that Team Togo has a good chance of delivering the much-needed serum, which is more important than getting there first. They toasted the team and surveyed the area where reindeer herding was a staple of the community, before continuing their journey. Team Fox arrived in Nome and saw Team Togo had already handed out the serum that they brought, saving lives. Now to hand theirs over to the doctors.

The risk that Team Togo took by going across the thin ice of Norton Sound had paid off! Team Togo has made it to Nome before anyone else with the lifesaving serum to protect the kids from Diphtheria. Congratulations to Team Togo! Celebrations are underway as Team Togo waits for the other teams to arrive. Team Togo, like the actual dog, were heroes.

As a note to the original Great Serum Run or Great Race of Mercy, Togo was truly a hero, leading his team over the longest stretch of any of the teams that produced this miracle run. Balto received most of the credit, as his team was the one who actually arrived in Nome, while Togo, who was 12 years old at the time, was unfairly overlooked by the press. In reality, Balto was paired with another lead dog, Fox, as he wasn't considered to be a great lead dog.

According to <https://www.historyvshollywood.com/reelfaces/togo/>:

The diphtheria serum was first transported by train from Anchorage northward to Nenana, Alaska. A relay of 20 sled dog teams then traveled a distance of 674 miles from Nenana to

Nome. Leonhard Seppala and his sled dog team led by Togo traveled 340 miles roundtrip to pick up the serum and start bringing it back, eventually handing it off to Charlie Olson's team.

Rest Area or current location for each team:

Fairbanks **Start**

Nenana **\$2,500**

Tanana **\$5,000**

Kaltag **\$7,500** 🐾 **Granite**, 🐾 **Balto**

Unalakleet **\$10,000**

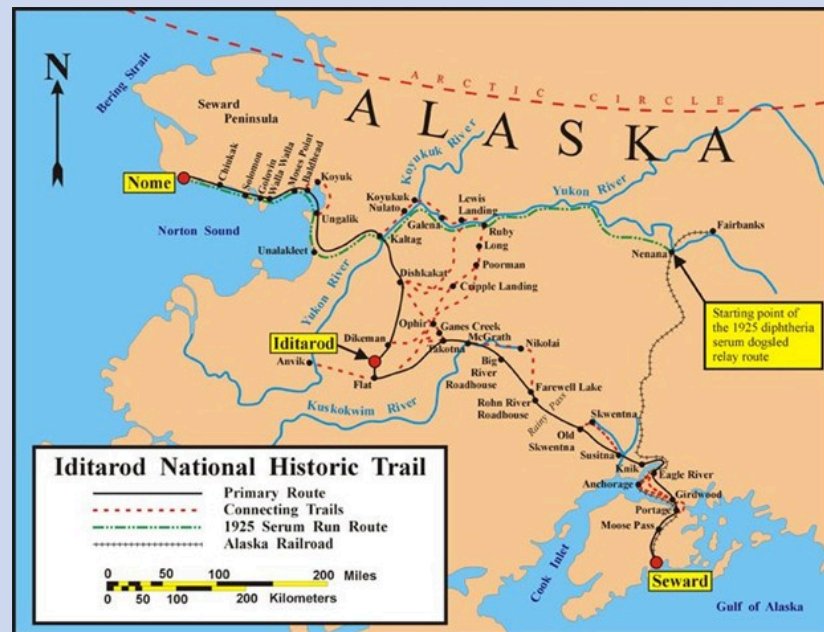

Seward Peninsula **\$12,500**

NOME **\$15,000** 🐾 **Togo**, 🐾 **Fox**

Total Goal: \$60,000 raised. Total value of serum delivered: Priceless!

76.72% of the goal has been attained.

Project Sales Goal: \$33,000. **225.55%** has been attained. The project sales total includes Capital funds.

Anyone that has dropped from lapse (S/R) and is reregistering should do it manually through the council!

That is the only way to maintain one member ID number and history. If they register through OLR or through BeAScout, the system is going to treat them like a new member and assign them a new member ID number and new profile.

By reregistering them at the council through Add Reg, we are able to pull in their existing member ID number and connect it with the new registration maintaining one member ID number and one complete history.

□ New requirements for S/R units/members:

o Youth do not need new applications for the first 3 months after dropping (S/R period). After 3 months a new application is required.

□ *Example:* A youth expires March 31. Lapse period is April and May. Drops June 1 st . Can use existing app if renews June, July or August. Starting September 1 would need a new application.

o Adults need new applications as soon as they drop. There is no “grace period” for adults.

□ *Example:* An adult expires March 31. Lapse period is April and May. Drops June 1. Will need a new application on or after June 1.

o The existing unit app is good for an S/R unit for the first 6 months. After that, a new “New Unit App” will be required.

□ *Example:* A unit expires March 31. Lapse period is April and May. Drops June 1. June through November existing app is acceptable. Renewal December 1 or later will need a new application.

Scouting America Introduces Safeguarding Youth Parents' Guide Video

As Scouting America continues to invest in prevention efforts, we have recently introduced [this Parents' Guide video](#), which will also be sent directly to the parents of new members.

With this new asset, we aim to share key aspects of our Safeguarding approach with new parents while encouraging them to take the full [Safeguarding Youth Training](#) and join the journey with their child.

This video doesn't replace the written Parent Guides but instead acknowledges that people absorb information in different formats. Please watch it, share it with your parents and volunteers, and encourage them to share it with their own networks.

Watch the video here: [Scouting America Safeguarding Youth Training - Parents Video](#)

Reminder: *The Midnight Sun Council requires all registered adults to complete their safeguarding youth training on an annual basis.*

Scouting America Launches Enhanced Safeguarding Youth Training

Scouting America has unveiled a new comprehensive Safeguarding Youth Training (SYT) program, reinforcing its unwavering commitment to creating the safest possible environment for young people. This updated training represents a significant step forward in Scouting America's multi-layered approach to youth protection.

The new training is mandatory for all registered adult volunteers and has been developed with insights from leading experts in child safety, law enforcement, and child psychology. It incorporates the latest strategies for recognizing, responding to, and preventing various forms of abuse, including emotional, physical, and sexual abuse.

After the new Safeguarding Youth Training is taken, National requires a yearly refresher course.

Key Features of the Updated Training:

Comprehensive Focus: Our new Safeguarding Youth Training (formerly Youth Protection Training) program reflects the more comprehensive nature of the training and its focus on safeguarding youth from all threats.

Inclusive Content: The training covers a wide range of topics, ensuring volunteers are well-informed about potential risks and best practices for youth protection.

Annual Refresher Courses: Recognizing the ongoing need for education and awareness, Scouting America will now require annual refresher courses, estimated to take 15-20 minutes, to keep youth protection knowledge current.

Alignment with Best Practices: Scouting America regularly consults with experts to ensure its policies and training reflect the most up-to-date knowledge and prevention techniques in the field of youth safety.

Focus on Prevention: The training emphasizes proactive measures to prevent abuse and create a culture of safety within Scouting.

For the Midnight Sun Council, your existing Youth Protection Training remains valid until May 31, 2026, at which point the new Safeguarding Youth Training will be required.

Scouting America's proactive approach to youth safety underscores its dedication to providing a secure and enriching environment where young people can learn, grow, and thrive. The launch of this enhanced Safeguarding Youth Training demonstrates a continuous effort to adapt and improve safety measures, ensuring the well-being of all Scouts remains the top priority.
