## **My.Scouting Modifications for Scouts BSA**

## **Organization Navigation Updates**

The Troop gender settings are updated in ScoutNET on the unit page under unit designation.

<ul> <li>Current Unit Cha</li> <li>Chartered Organiza</li> </ul>	arter ation 020	6					
Effective (	Date		E	kpire Date	•		Term
Unit Designation	O BP	O GP	O FP	O GT	ОВТ	DNA	

In an overnight sync the information will be passed from ScoutNET to Akela.

The BSA structure menu is modified in Organization Security Manager and Commissioner Tools to display if the Troop is a Girl Troop (G) or a Boy Troop (B). Gender updates to the menu for Organization Manager, Training Manager and Member Manager are in progress and will follow shortly.

For Troops the unit designation in ScoutNET also updates the BeAScout Troop Pins overnight.

Also, in Organization Manager under the settings tab, all the way to the bottom of the page displays the Family Scouting settings. For Troop we will not display the unit designation set in ScoutNET. This is a read only value and not modifiable in My.Scouting Tools.

For Packs we are using the settings that the pack leaders designate in Organization Manager, Settings tab to indicate the unit gender on the BSA structure menu. This is also what appears on the BeAScout Pins for Packs (this is not changing). In the menu on the unit line, B defines Packs with Boy Dens, G signifies Packs with Girl Dens and F represents Family Packs that have Dens for Boys and Girls.

The section for Eagle extension will be available for viewing if the youth is age appropriate to request the extension. It will appear under the box with personal information such as name and gender.

Toggle the Request Eagle Extension to yes. The system will use the date you submitted the request for the extension as the Effective date and will calculate the Extension date to allow for the youth to have 24 months from his/her join date to complete his/her Eagle Award.
