

Kids Fishing Derby! At Lost Lake Scout Camp

FRONTIER OUTFITTERS
ALASKAN LIFESTYLES

**Bennett
Engineering**

We had fantastic weather on the ice and 110 anglers!

The largest fish caught all day was a Arctic Char measuring 19" long and was caught by 9yo Karter
(Nice fish young man!)

We want to Thank Rodney, Colton and Trevor from Rods Alaskan Guide Service for drilling over 500 holes and re rigging more fishing poles than I could count!

Deep gratification to our Sponsors!
